

DONZI

INTRODUCING THE DONZI 22 CLASSIC 009 LIMITED EDITION

Like its 35-foot 009 sibling, the 22 Classic 009 emulates the no-nonsense approach of Donzi's pioneering 1960's-era raceboats. It boasts added performance and classic muscle-boat flair; hot-rod thrills and exclusivity to match. A custom engine hatch with integrated performance scoop channels plenty of air to the 009's clear-breathing big-block V-8 engine, while a raised X-dimension provides increased performance.

The 22 Classic 009 offers limited edition exclusivity, and attention-getting, vintage throwback graphics, in Modena Red, Electric Yellow, Commando Black, or White. An offset deck stripe passes through the helm (as it did on Don Aronow's 1966 "Donzi 008"), continues through the classic "tuck & roll" upholstery, and carries through to the stern. Meanwhile, prominent DONZI 009 badging leaves no doubt that this is a very special, very fast 22.

The 22 Classic 009 will be offered only for the 2009 model year, and only 18 will be made.

Special features include:
