**Attachments:**

Hi Norton. Your letter came during a stretch of extended travel for me, and I actually just read through it earlier this week.

I placed a call to Archer this afternoon and spoke with Dan McNamara. I'll kick some things around this weekend and let you know my thoughts next week.

Regards,

Michael R. Boyd

Hello Michael

Sorry to bug you. I was wondering if you received my letter from a few weeks ago. Archer marine has started work on it and I was wondering if you has a response, or if you were going to respond.

Thanks, and have a great weekend.

Norton

Ps. I like that new FX!
