

Twisted Metal

Yes Race and Fun Run Fans its that time of the year again. Time to say hasta la vista to 2013 and aloha to 2014. Its been quite a year for the Twisted Metal Camp, Our race stable housed Team Black Pearl this year Captained by none other than Captain "Jack (Gary Jones) Sparrow". He was joined by our very own Twisted Metal throttleman extrodinare Billy (I win or break shit) Glueck. A special thanks to Brett (I hate my underware) Furshman for having the kahunas to pilot Twisted Metal to victory with Billy. With a mighty combined effort Camp Twisted Metal boats were able to bring home two world championships in two competitve classes. Kudos to all the unsung heros that helped team Black Pearl and Twisted Metal bring home the gold in 2013.
