

We are pleased to announce a strategic partnership with Snap Docks as our lead distribution partner in the U.S.! In addition to the Golden team, we are partnering with several industry veterans across the country who will help us fulfill our mission to provide the best-in-class product lineup featuring the latest technology with top-notch customer service, a cohesive dealer strategy, and short product lead times. We hope you will join us!

Why Snap Dock:

- Well designed, visually attractive polyethylene floating dock products
- Ability to maintain integrity in rough water due to connection system
- Walking surface supports that eliminate bowing in walking surfaces
- Color matched connectors with ideal combination of strength and flex that also float if dropped
- 8-year limited warranty
- Our dock connectors are the strongest and most durable in the market. They are color match to you dock and they float!

Slang:
“ We didn’t invent the floating dock, We just perfected it.”
